Fri Oct 02 7:26 PM

Ghosts of ColdFusion Past <http://yfrog.com/3omigoj>

Fri Oct 02 4:40 PM

[@john_mason_](#) Thanks. Indeed, the server was under high load.

Fri Oct 02 4:21 PM

Ditto that! RT [@awest](#): Working at home really blows. Not. <http://bit.ly/UfIXy>

Fri Oct 02 3:44 PM

[@charliegriener](#) Enjoy! Twitter is gonna have a melt down. [#adobeMAX](#)

Fri Oct 02 3:12 PM

Have you ever launched the ColdFusion Server Monitor and seen the buttons for Monitoring, Profiling, and Memory just not show up at the top?

Fri Oct 02 1:14 PM

[@javierjulio](#) Thanx Javi. Just saw the prop under inherited properties. I missed that one. And thanks for the caveats ([@cfsilence](#) too)

Fri Oct 02 1:13 PM

[@cfsilence](#) [@bpanulla](#) Thx for quick replies. I didn't see that in the Webservice API bc it was hidden under inherited properties. Thx!

Fri Oct 02 1:06 PM

Hrm. How does one specify a timeout for mx:Webservice (or even mx:HTTPService) in Flex? Never thought about it before.

Fri Oct 02 12:42 PM

[@cfjedimaster](#) [@aliaspooryorik](#) Ah, I was looking at "<http://cookbooks.adobe.com/tags/ColdFusion>" not "<http://cookbooks.adobe.com/coldfusion>"

Fri Oct 02 12:41 PM

[@cfjedimaster](#) Actually, no I don't. The only thing yellow is a yellow button that says Add Tag. The word recipe does not appear at all.

Fri Oct 02 12:37 PM

Cancelled \$3000 5day workshop in Mexico with the Strobist in favor of a 2day \$1k workshop with Brianna Graham in MI. <http://bit.ly/mBmRi>

Fri Oct 02 12:32 PM

How do I create new entries in the Adobe ColdFusion Cookbook? I'm logged in but don't see any kind of link to participate.

Fri Oct 02 1:31 AM

[@dloxtan](#) [@coldfusion](#) Thank you. Using the iFrame view I was able to register for the online keynotes. [#AdobeMAX](#) [#ColdFusion](#)

Fri Oct 02 12:39 AM

[@coldfusion](#) Clicking the Register Now button on the MAX Online screen changes view to blank panel with no information [#AdobeMAX](#) [#ColdFusion](#)

Thu Oct 01 10:20 PM

An example I found that proves a good photo doesn't just happen by simply putting a model on a set with some lights <http://bit.ly/14cXgz>

Thu Oct 01 10:16 PM

[@devnullcd](#) I think the Aspens in Fall are what I miss most about Colorado. That and friendly people.

Thu Oct 01 10:15 PM

Yeah, I have a mannequin named Madge. So what?

Tue Sep 29 9:24 PM

On the shoulders of giants like [@mojokiss](#) - RT [@mojokiss](#): [@stevenerat](#) is HELL of a photog nipping at heels of hi-end fashion & portraiture.

Tue Sep 29 9:08 PM

Just learned about SOPHA (Studio of Photographic Arts) from alt [#photog](#) [@mojokiss](#) , located in Manchester, NH. Founded by [@Dastardly_Dave](#)

Tue Sep 29 6:55 PM

[@BlakeBroad](#) Thank you. That's just the type of hosting support review I was looking for

Tue Sep 29 5:47 PM

Thinking bout software support. Where do u get support? Vendor, 3rd prty? What do you like about it? What would you add 2 improve?

Mon Sep 28 8:54 PM

touching computer keypad daintily as to avoid an electric surge come shooting up my arm while this wicked thunder / lightening storm pass by

Mon Sep 28 8:45 PM

[@jhawkes](#) is the font registered in the ColdFusion Administrator's Font page? [#hating](#)

Mon Sep 28 8:14 PM

[@mobarger](#) I remember installing 10g XE for Win several years ago and it was amazingly easy. I feel 11g is going backwards in complexity.

Mon Sep 28 8:07 PM

3 hours later, the installation and configuration of Oracle 11g database on WinXP is still chugging along... yawn.

Mon Sep 28 5:20 PM

When will that [@orbisflash](#) arm attachment be ready? Not using my ring flash until I can devote both hands to the camera. [#photog](#)

Mon Sep 28 5:16 PM

Installation of Oracle on Mac OS X was too much of a headache, so falling back to putting 11g on WinXP instead. Sigh.

Mon Sep 28 5:08 PM

[@mojokiss](#) Thank you! Great to learn from you. Hopefully some of your coolness rubbed off. (Its probably not cool to cool anymore... sad)

Mon Sep 28 5:01 PM

Re-read the CFGURU thread on ColdFusion support (and its reported suckage). I'm not participating in that thread, but buy me a beer sumtime

Mon Sep 28 11:41 AM

[@tangon](#) I have a cousin, Gary, who has a full fledged vineyard and winery in N.E. PA, including tasting room. <http://www.nimblehill.com>

Sat Sep 26 7:57 PM

Excellent creative instruction fr/ [@mojokiss](#) RT [@mojokiss](#): did lighting and artistic direction on a shoot w/ [@stevenerat](#) & [@liilii](#). AMAZING

Sat Sep 26 2:29 AM

Bastards! I spent over 2 hours trying figure out why TweetDeck and Firefox won't start without sudo. A reboot fixed it.

Sat Sep 26 12:33 AM

Recovered my Firefox bookmarks w/ Import > Restore > Choose File > {one of the json backup files} <http://bit.ly/MUbrG> WHEW!!!!

Sat Sep 26 12:15 AM

Now I know which situations Linux beats Mac: file system transparency

Sat Sep 26 12:11 AM

[@iotashan](#) Thx. Found this article and at least I recovered the 5 backups FF automatically makes: http://kb.mozillazine.org/Lost_bookmarks

Fri Sep 25 11:55 PM

[@commadelimited](#) I think if you set only height or only width as fixed size, Flex will scale down proportionally on other side.

Fri Sep 25 11:53 PM

Trying to troubleshoot why Mac update issue, I backed up Firefox.app, then installed new Firefox. I've lost all bookmarks/pwds after revert

Tue Sep 22 9:41 AM

I'm one monkey short today. That pretty much says it all.

Tue Sep 22 12:30 AM

Started with Jefferson Airplane tonight, crossed over to Johnny Cash, and wound up at Judas Priest.

Mon Sep 21 11:55 PM

[@phone_is_tapped](#) As soon as my son grows up a few more months I'll be ramping up more shooting & needing good MUA. MM: <http://bit.ly/BXPDY>

Mon Sep 21 11:42 PM

[@john_mason_](#) Forget about it. At GMC its frozen solid. Only a serious security or server crashing issue would hope to see daylight now

Mon Sep 21 11:35 PM

[@john_mason_](#) I'm not in the beta, but its interesting to observe that ColdFusion bugs are reported for GMC. Ship date must be imminent.

Mon Sep 21 11:11 PM

Its truly amazing that Johnny Cash would write the gruesome lyrics to Cocaine Blues back in the 60s when country music was largely tame

Mon Sep 21 10:47 PM

Johnny Cash has one of the smoothest voices all time. Listening to his cover of Tom Petty's "I won't back down"

Mon Sep 21 10:24 PM

Listening to Heart, Triumph, and Jefferson Airplane. If I were driving right now I'd be doing a hundred or more.

Mon Sep 21 8:36 PM

Just discovered the S3 Firefox Organzier plugin for managing files on an Amazon S3 file storage service. Uploaded crossdomain for Flex too

Mon Sep 21 11:43 AM

[@JoeMcNallyPhoto](#) Blog post not showing up. The link looks good though.

Sat Sep 19 10:02 PM

Watching "High End Industry Retouching Techniques" video tutorial on DVD <http://bit.ly/4e7aiR>

Sat Sep 19 7:01 PM

At Barnes&Nobles I usually find the ColdFusion books and put some in more prominent sections, like PHP, Java. Today there were none at all

Sat Sep 19 6:09 PM

What's wrong with this picture? <http://yfrog.com/0bh5gj> #Linux

Thu Sep 17 11:27 PM

Wondering why I spent the money on JoeyL's Photoshop tutorial last year. Great photog, hack tutorial.

Thu Sep 17 9:17 PM

The Leica M9 Rangefinder camera. You'd never guess by its modest looks that it costs \$7 Gs. <http://bit.ly/7CQc8> <http://bit.ly/2RCefy>

Thu Sep 17 8:57 PM

@silverph printplace.com **#photog**

Thu Sep 17 7:54 PM

Figured out how to easily change the EXIF metadata in an photograph, like camera model, shutter speed, etc. Might have fun with Flickr...

Thu Sep 17 5:16 PM

@demirkapi Cool, will be good to see you there. Wish I had more time to hang around but have to return to Boston that night. **#CFDevCamp**

Thu Sep 17 5:14 PM

Thank you Adobe for sending me to India several times and letting me rack up the miles. I'm flying to CFDevCamp for free. :-)

Thu Sep 17 4:23 PM

Signed up for CFDevCamp (mentor). Flying in Friday night, then back home on the redeye Saturday. **#coldfusion**

Thu Sep 17 4:10 PM

@jlamoree Ok Rachel Rae, put your stomach back in your pants ;)

Thu Sep 17 4:06 PM

@joaofernandes Since that's my topic at RIA Unleashed the week after CFDevCamp, I'll probably still be writing it on the plane

Thu Sep 17 3:51 PM

@webRat Better yet, I'll ask for Photoshop retouching tips!

Thu Sep 17 3:45 PM

@charliegrieger Question 1: Did the orange hot pants leave any elastic waistband marks? On second thought, I don't wanna know

Thu Sep 17 3:36 PM

Thinking of registering for ColdFusion DevCamp Nov 7th in San Fran. Mentor or attendee? Hmm

Thu Sep 17 1:45 PM

Just discovered that my 7mo old son tweeted - 0" - when playing with my iphone last evening. Hope he didn't send any emails too

Thu Sep 17 1:41 PM

@tpryan If you're looking for a ColdFusion consultant to help manage your migration we can help you out ;-)

Thu Sep 17 12:50 PM

@commadelimited np. This pocket guide has nice section on using vid, including captioning: <http://oreilly.com/catalog/9780596520649/>

Thu Sep 17 12:43 PM

@commadelimited On popup window try this: `<mx:Button label="Close" click="myVideoDisplayComp.pause();PopUpManager.removePopUp(this);"/>`

Thu Sep 17 12:37 PM

@commadelimited In one of the events related to closing the popup, issue `themovie.pause()`

Thu Sep 17 11:30 AM

@kroche Ah but the CF team there is nearly always available by email and chat until midnight their time. A dedicated bunch.

Thu Sep 17 11:20 AM

Hrm... Is it a holiday in India? Bangalore? I may have to wait till tomorrow to continue my conversation.

Thu Sep 17 11:03 AM

100th ColdFusion Meetup in 1 hour. Josh Adams - CF as backend 4 iPhone apps. SeeFusion among special prize giveaways <http://bit.ly/QBkug>

Wed Sep 16 4:50 PM

@cfwhisperer Thanks Mike. Its been taking load for 1 day now, and everything looks smooth. Logs are just about empty. SeeFusion happy.

Wed Sep 16 4:47 PM

The best waste of 5 minutes of your life you'll ever spend: Total Eclipse of the Heart, Literal Version (video): <http://bit.ly/4Dd5V>

Wed Sep 16 4:46 PM

@matt416 What's the deal with CF on Mac? I used to QA CF on Mac/Linux/Unix/Win for Adobe.

Wed Sep 16 4:39 PM

@jessversus Stop what you're doing and check out the literal version of Total Eclipse of the Heart: <http://bit.ly/4Dd5V> You're welcome ;-)

Wed Sep 16 4:36 PM

Watching a 4 ColdFusion instance JRun cluster that I set up on beefy Solaris machine take high volume traffic being weaned over to it

Wed Sep 16 3:50 PM

I live in a town small enuf that horses pass me & cars stop in the middle of the road just to chat <http://yfrog.com/Oglgfpj>

Wed Sep 16 2:46 PM

Crap. Time for a bike ride after a very busy day, but now all the nutjobs are on the road after school. Lets hope I come back in 1 piece.

Wed Sep 16 2:09 PM

Two monkeys, yes monkeys, starring in the movie "The Zoo Keepers" being filmed near Boston, were evacuated today from the Liberty Hotel

Wed Sep 16 1:57 PM

Researching java.lang.NullPointerException at com.mysql.jdbc.Statement.setMaxRows(Statement.java:2178) in ColdFusion 801 on Windows / MySQL5

Wed Sep 16 12:38 PM

busy busy busy busy busy

Tue Sep 15 9:31 PM

@rukumar Thanks Rupesh!

Tue Sep 15 9:31 PM

@joaofernandes @iotashan Shan has been neck deep in ORM for a while, and there's at least one thorn to deal with. Can't find bug num atm

Tue Sep 15 9:05 PM

@rukumar @iotashan Rupesh, We'd be very grateful if you have a moment to hear the issue.

DT style="font</p> </div> </div> </div> </div> </body> </html>
