Here you can find my photographs from Spain in 2000, 2002, and 2005. These trips were primarily to Barcelona in the northeastern province of Catalonia, and to the mountain village of Eresue which sits in a valley among the Pyrennees known as El Solano in the province Huesca. If you'd like large images, please [email me](#). The photos are a portrait of life in **Spain** from the following regions or themes:
