

Meeting Archived: ColdFusion MX 7 on Unix and Linux

Posted At : March 10, 2005 3:52 PM | Posted By : Steven Erat

Related Categories: Breeze, Linux, Meetup, ColdFusion, Macromedia

Thanks to everyone who attended tonight's presentation from the Online ColdFusion Meetup Group. The Breeze presentation was recorded and is available for viewing here:

[Running ColdFusion MX 7 on Unix and Linux \[Slides\]](#)

Please consider joining the [Online ColdFusion Meetup Group](#) by officially registering as a member on the Meetup website.

As I think of errata from tonight's meeting, I'll publish corrections in the comments for this blog entry. Further questions can be posted to this blog, too.

Otherwise, here are some links mentioned in the talk:
