

Rob Gonda on Ajax for ColdFusion Developers... Watch it again!

Posted At : September 13, 2006 5:55 PM | Posted By : Steven Erat

Related Categories: Breeze, Flex, Adobe, Meetup, ColdFusion, Books

If you missed tonight's **Online ColdFusion Meetup Group** event, you can still catch all the lessons and demos from Rob in the archived Breeze Meeting recording. Rob tailored his AJAX presentation to compare related technologies or libraries including Spry, dojo, Flex, Flash, and more, and provided copious demos and a thorough background.

Look for new event listings soon. Booked for October we have Charlie Arehart on Fusion-Debug and Adobe's new ColdFusion Evangelist Adam Wayne Lehman on ColdFusion Security Best Practices. I'll be posting those event schedules tomorrow.
