Related Categories: Breeze, Meetup, ColdFusion, Macromedia, New England

With a whopping overnight growth spurt, registered members of the (virtual) Boston Coldfusion Meetup Group has jumped to 14 people from Sacramento to Lincoln, MA. This makes us the **largest** ColdFusion Meetup Group in the universe.... *Muwahahaha!*

Since most of the meetings will be conducted virtually using Macromedia Breeze Live, CF people from all over are welcome to attend online.

The first meeting is this coming Monday, Feb 7th, at 6pm ET. For more information see the following:
